SIP-2014-01

Street Resurfacing 2014

Schedule updates:

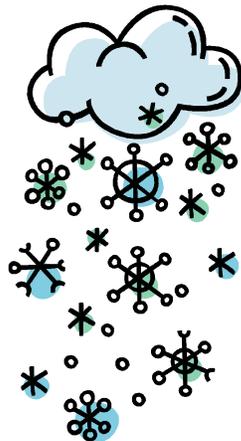

Arrow Haven:
Restoration to be completed Spring of 2015.

Lakes of Scarborough:
Restoration to be completed Spring of 2015.

Highland Downs and Area 4:
Concrete work is complete. Asphalt work will begin again in the spring Followed by restoration.
Maintenance on these areas will be done by the contractor through the winter. The City of New Haven will be doing the snow plowing, as normal. Other services will continue to be done by the respective entities.

****Reminder****

The City has a 1 year warranty from the contractor for all work done. The restoration areas may experience settling during the winter months. Please contact Tye in the spring if you have any concerns.

Be safe this winter!
Take extra precautions while driving and/or walking on roads that are "under construction", especially once the snow begins to fall.
